Do I need a Facebook account?

Build · https://thesixpackrevolution.com/docs/do-i-need-a-facebook-account/

You will need a Facebook account as this is currently how we communicate. However we are in a secret group so no one even needs to know you are there and u can close it after and it works just like an App. Our App is in production but isn’t ready yet.

You can call yourself Mary Poppins or Elvis Presley if you wish as long as we know and takes only a few minutes to set up.

Small obstacle for huge gain.

Please us know your profile name once setup so we can update our records and invite you into your group smoothly on the Sunday before Prep Week as per your confirmation email details.
